Join us at our Lunch and Learn!

Thank you to LDCA and YCEC for sponsoring our Lunch and Learn - What to Expect & How To Prepare for Your External COR Audit.

March 20, 2019 : Noon - 1:30 at the LDCA

We will have a panel of industry professionals providing tips on how to successfully prepare for and conduct your external COR audit. Free to LDCA members.! Contact LDCA to register <https://ldca.on.ca/events/EventDetails.aspx?id=1182142>

Latest News

Latest news

The Ministry of Labour has announced their Blitzes for 2019. Working at Heights, Reversing Vehicles and Employment Standards are all in the spotlight throughout spring summer and fall this year. While the Inspectors are on your site, they are also confirming training records, observing all work behaviours and ensuring no contraventions of the OHSA are present. See the attached link for all enforcement initiatives.

<https://www.coca.on.ca/articles/schedule-of-ministry-of-labour-construction-blitzes-for-201819>

The Chief Prevention Officer with the Ministry of Labour has announced an inquest into roofing deaths after 3 such traumas occurred within our industry -one of them a 19 year old. Items to be evaluated will include: lack of project instruction, not wearing PPE and lack of fall training.

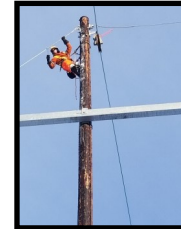

ICI is skilled and experienced in both the administration and application of all OHSA & ESA regulations. Contact us to assist!

Boots on the Ground

Or sometimes in the air...

ICI Associate IHSA COR™ External Auditor, Heidi Brookes recently performed a COR™ audit in Northern Ontario. Some of the site locations were so remote, road access was not always available.

Congratulations to PowerTel Utilities Contractors for successfully achieving their COR™ designation!

"I look forward to working with Heidi and other members of ICI...in the near future and would recommend her services to other colleagues in our industry"

~ Todd Dronzek,
Monteith & Sutherland

PRACTICE WHAT WE PREACH!

ICI is very excited to be challenging the COR™ Audit process for our own certification! In addition to working with and preparing several clients for their own COR™ Audit, ICI has been working with the same criteria and have submitted our Internal audit for review with IHSA. We look forward to receiving their feedback and celebrate being the first independent safety consulting firm to achieve COR™

Just Some of Our Services:

- 👉 Health & Safety Management System and COR™ program development
- 👉 External COR™ Audits
- 👉 Guiding and Coaching
- 👉 Training and & Development on a variety of topics
- 👉 Fit Testing
- 👉 Human Resources for small business
